Form 990, Part III, Line 4a - Program Service Accomplishments

Our Global Network and Water Projects: Blue Planet Network has developed a global, online network, the Peer Water Exchange (PWX), www.peerwater.org to:

1. Give water groups around the world a way to:

a. collaborate and manage sustainable, cost-effective water solutions;

b. share learning and best practices transparently;

2. Offer companies, philanthropists and individuals a single source to:

a. fund high quality water and sanitation projects that have been

"pre-approved" by PWX member peer review, and;

b. see the tangible impact of their support.

3. Review and fund high potential water and sanitation projects in rural areas of

developing countries and ensure long-term maintenance and education for

maximum project impact.

We have leveraged the collective resources and brainpower of water groups &

individuals around the world. A common online platform to foster collaboration, fund

high potential projects, & share experience and project data strengthens all

individual efforts and creates new ones...all for the benefit of those without access

to safe drinking water. Together, we have enabled 253 water and sanitation projects

in 18 countries, bringing safe drinking water for life to nearly one million people.

Since inception we have hosted \$34 million of water and sanitation project data

on-line in a format that is available for all stakeholders (and anyone else

interested) to learn from.

Form 990, Part III, Line 4b - Program Service Accomplishments

Public Education & Events: The Organization published and printed a major book in

book was to educate readers about the safe drinking water crisis.

In addition, we have developed a comprehensive school curriculum on the global water crisis, its origins, impact and near/long-term solutions. We have disseminated this curriculum extensively throughout middle and high schools and universities throughout the United States. Our curriculum has been integrated into school courses as part of regular and after school education. We also have partnered with Project Wet, a national non-profit dedicated to building awareness of the global water crisis and individual commitment to conserving water and preserving the global safe water resources.

Events are carried out each year to promote awareness in the general public of the still unfunded need for safe drinking water in many areas of the world.
